IN MURDER OF JOHN BRUNEN

Weapon Discovered in Pensauken Creek by Palmyra, N. J., Police Chief

MANUFACTURED IN BELGIUM. DETECTIVE PARKER SAYS

The gun which was used in the murday were named by William H. Wil- der of "Honest John' Brunen, circus owner, at Riverside, N. J., the night commended by the Board of Department at the Customs House, as of March 10, has been found in Penshipper and receiver of the \$800,000 sauken Creek, it was announced today by Ellis Parker, County detective. This is the first definite step, so far as the public has been informed, that has

The child was a son of Mr. and Mrs. ing investigation by the United States been faken toward solving one of the most mysterious murders ever perpetrated in New Jersey.

"The right barrel of the gun showed vidence of having been fired." said betective Parker. "The butt plate of Detective Parker, "The butt plate of the weapon is missing, and the butt is scarred and marked. Such marks might have been made if the weapon had been used for driving stakes.

"The Sading of the gun absolutely convinces are that the murderer code to Brunen's home in the Ford coupe seen Dr. Cairns, at a hearing before the Board of Health in City Hall stated further that Dr. Thacher admitted he took complete charge it the case and that he had administered no autitoxin because he did not believe in the areato establish definitely the identity of the individual who crept up to the kitchen window behind Brunen as he sat reading his newspaper, and discharged heavy load of BB shot into the back of his head.

Washington, April 11. — Eleutherios Venizelos, formerly Premier of Greece, called at the State Department today in two pieces from the bottom of Pensauken Creek, which the murderer crossed in making his escape. The time the gun was found has not been announced. It is believed to have been in Darker. in Parker's possession several days. while he sought to identify the owner.
"I want everybody to know all about "I want everybody to know an able-this gun." said the detective. "be-cause I believe in that way it may be promises to be one of the best clues we have obtained thus far.

Sure of Identification

There is no doubt about the identification of the gun, because it bears a number, 11,828, which corresponds with the number on the grip of the piece, lost by the murderer in a field near Brunen's house, striving to take the weapon apart

as he ran. His services to the allied cause were so great during the war that he is regarded with great favor by all the allied Governments, which did not conceal their opposition to the restoration of the pro-German ruling family in Caracter of the pro-German ruling family in Caracter of the pro-German ruling family in ports shotguns largely to this country. Detective Parker, through the num-ber of the gun and the number found on into the limelight the fact that indethe grip, traced the weapon back to Belgium and learned that it was one of a consignment sent to a Philadelphia against the bosses is to prevent their sporting goods store in a consignment vote being split between Fisher and received in 1915.

Pinchot, and so they are fusing on

Detective Parker made inquiry of the Pinchot sporting goods people, but they do a wholesale as well as a retail business. and it has not yet been possible to learn to whom the gun was sold.
